

# ALLWELD *industrial ladders*

*Demand the best.* Insist on an Allweld Industrial Ladder

Fully welded ladders, Aussie built, **and built to last.**  
Fabricated from high grade, thick walled aluminium tube.  
Welded steps prevent diagonal flexing, the wider than standard base increases stability, and all ladders are load rated to 150kg.

Conform to AS/NZS 1892.1:1996 pt 1 Metal, AS1665:2004

Dual Purpose Ladder

Model DP24

## Dual Purpose Ladders

The unique welded truss side eliminates flexing when extended.

Available from 6 to 10 steps.  
Vertical height 1.63m to 2.72m.  
Reach when extended 3m to 5.5m.

## Folding Platform Steps

Available from 2 to 8 steps.  
Vertical platform height 0.55m to 2.18m.  
Large 700mm x 400mm checker-plate platform.  
Full length grab rails up each side.  
Optional spring loaded castors, yellow handrails, loading tray and wall mounting bracket.  
Automatic locking spreader bar.

## Single Sided Ladders

Available from 3 to 14 steps.  
Vertical height 0.82m to 3.81m.  
Sturdy automatic locking spreader bar.  
Steady rail available on the SS09 (3 step model).
